

Speak Up and Speak Out 2022 Summit Sponsorship Opportunities

Event :

The Arc of Illinois is in the beginning planning stages for the 2022 Speak Up and Speak Out Summit (SUSO) funded by the Illinois Council on Developmental Disabilities. SUSO is a 3-day conference for individuals with intellectual and/or developmental disabilities. The Speak Up and Speak Out Summit continues to be a wonderful opportunity for self-advocates to come together from across the state to learn new skills, build upon their advocacy work, develop networks, and to speak up about issues of importance. This will be a hybrid event with 300 self-advocates in person and we anticipate 250-300 participants to join virtually.
